

# Whiting Divorce Case Tried

## Sensational Development Is Expected Today in Hilliard Divorce Suit.

**SPECIAL TO THE TIMES**  
CROWN POINT, IND., Sept. 8.—The suit of Dr. George Hilliard to divorce his wife, Mrs. Arlie Whiting, began before Judge E. M. Norton in the lake circuit court here yesterday and the plaintiff himself occupied the stand most of the time. One of the facts brought out in the trial was that Louise Randall, formerly public librarian in Whiting and mentioned in connection with the divorce suit, had left Whiting recently for good, but whether this was because the Hilliard divorce suit was dragging near is not known. Mrs. Randall, whose resignation following charges preferred against her is still fresh in the minds of the public, was accused by the defendant of undue friendliness with the plaintiff in the divorce action. Dr. Hilliard testified that the woman was for four years an intimate friend of his family and that Mrs. Hilliard was jealous of Miss Randall and also of other women. These women he named on the witness stand as well as other Whiting women with whom Miss Hilliard is alleged to have quarreled. Dr. Hilliard testified that his wife had tried to commit suicide. Mrs. Hilliard is expected to present her side of the case today.

Meighan's associates at the DePaul are well aware of the fact. Nevertheless, they were considerably surprised one day recently when Meighan came racing into his studio with a pretty, flaxen-haired little girl of about four years perched on his shoulder and announced breathlessly:

"Daddy, meet Miss Peaches Jackson, my new leading lady."

And Peaches had to dimple and smile and hide her face against his shoulder, though the introduction was perfectly accurate since it depicted three leading ladies to portray the heroine of "The Prince Chap," and Peaches was one of them. The action of the picture shows the heroine at four, eight and sixteen years of age. The other two leading ladies were May Gracel and Lila Lee.

"The Prince Chap" is the first of the William De Mille productions and a Paramount Artistic picture.

# TENT REVIVAL NEARING CLOSE

Only a few more evenings of the tent meetings on Standard and Madison, this was the announcement made by Evangelist Smith on last night. There was fair sized audience present last night and one audience. "Peter, though a fisherman arose to a place of usefulness in the Master's kingdom. No one could have imagined what it meant to have brought him to Christ, but eternity alone will be able to tell the good accomplished through his life of service to the Master. And this great good was accomplished after he had denied his Lord and had repented. Do not be discouraged if you have done something wrong—repent and get up again. He endured persecution and finally died for his Lord."

Services will begin tonight at 8:00 and will close at 9:15. The children's chorus is attracting attention and the Bible drills each evening are interesting and instructive.

**Murver, what makes you so cross?**

Poor mother, has backache, dizzy spells, headache and is nervous, which are all symptoms of woman's trouble.

Most women neglect their health, and for this neglect they pay the penalty. Any woman who suffers thus will find that she loses flesh faster than Nature can put it on. She will find that neglect does not pay. A little more attention to health would brighten up her life and make her worries fewer. If she asks her neighbors she finds that Dr. Pierce's Favorite Prescription benefits a woman's whole system. It not only acts upon the troubles and weaknesses peculiar to women, but is an all-around vegetable tonic that braces the entire body, relieving nervousness, sleeplessness, headaches, dizziness and a run-down condition.

Dr. Pierce put his Favorite Prescription in the drug stores in 1870. For fifty years it has stood the test, and thousands upon thousands of women all over the United States can testify that this non-alcoholic tonic made them healthy and well. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial package of Favorite Prescription tablets.

# NOTICE OF PROPOSALS FOR FIRE ADJUSTERS

Notice is hereby given that the Board of Trustees of the Town of Griffith, Indiana, will receive proposals on until

Just because the itching and discomfort becomes so intense, the average person afflicted with skin diseases is led away from the proper rational treatment in their anxiety for some measure of relief from its torture.

Mere temporary relief from the flaming skin irritation should not deter you from seeking its cause and removing it.

In other words, you should not be content to have only temporary relief from the terrifying itching and burning of fiery skin diseases. And that is all you can possibly get from the use of salves, ointments, lotions and other local remedies applied to the surface of the skin.

Temporary relief will do you but little good if you are a victim of itching eruptions, tetter, rash, eczema or other terrifying skin disorders. Soon all the itching and irritation will break out afresh with renewed fury, and you should be convinced that no amount of local treatment can possibly rid you of your trouble.

Such remedies will doubtless afford some measure of temporary relief, but why should you be satisfied with makeshift remedies that can make no progress toward ridding you of your affliction?

Remove the germs from your blood and you will be rid of the cause of your skin troubles.

S.S.S. has been on the market for more than fifty years, and every year adds to its popularity. If you want expert advice without cost, write all about your case to Chief Medical Adviser, 284 Swift Laboratory, Atlanta, Ga.

# RHEUMATISM

A Remarkable Home Treatment Given by One Who Had It.

In the spring of 1893 I was attacked by muscular and inflammatory rheumatism. I suffered only those who have it know, for over three years. I tried remedy after remedy, but without success. But, such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who have been afflicted and even bedridden with rheumatism, some of them 20 to 30 years old and results were the same as in my own case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be the long-sought-for means of getting rid of your rheumatism, you may send the price of it, one dollar, but understand I do not want your money unless you are perfectly satisfied to send it. Don't let this fair offer slip away from you when relief is thus offered you free? Don't delay. Write to—
